

# Mommy's TIME OUT

The work of a mom is never done  
From diapers to bottles, its not always fun!

While baby smiles and giggles are the best reward,  
sometimes you need a break to become restored!

So go ahead and hand baby to dad for a bit.  
Grab a glass, a magazine, and just have a sit.

Or take a bath, if you like that route.  
Because *mom, you deserve a time out!*
